

April 2012 Update Report

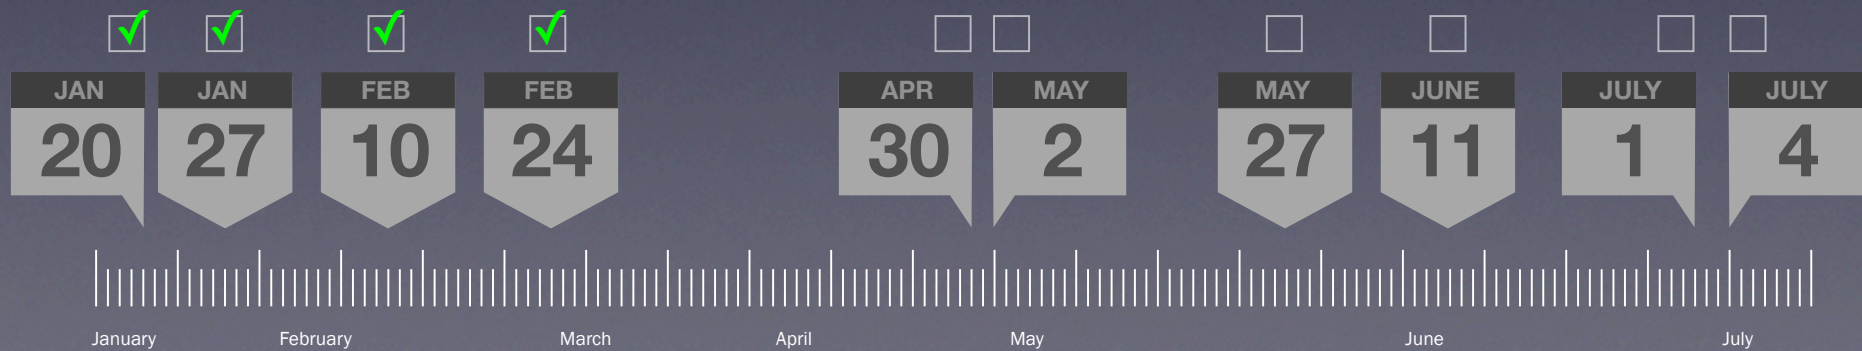

Presentation by SamKnows at the FCC
April 4, 2012

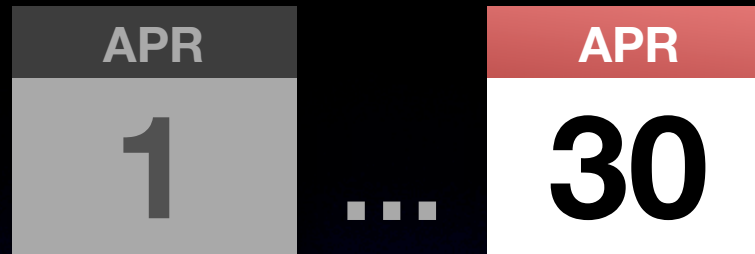

Off-net Test Node Issues

- ✦ On March 23 SamKnows identified and began investigating evidence of congestion
- ✦ On March 26 SamKnows reported throughput issue to MLab
- ✦ On March 30 SamKnows identified throughput issues to NY & LA MLab test nodes, & reported this to MLab
- ✦ Affected test nodes: mlab1.lga02, mlab2.lga01, mlab3.lga01, mlab3.lga02, mlab3.lax01
- ✦ March data for these test nodes has therefore been compromised
